This Internet Agreement shall remain valid until the completion of Year 6 by the above mentioned student.

I understand that the Internet can provide students with valuable learning experiences.

I also understand that the Internet gives access to information on computers around; that the school cannot control what is on these computers; and that a very small part of that information can be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.
I give permission for my child:
  ○ To use the computers under the conditions listed
  ○ To access services such as electronic mail and the Internet
  ○ For my child’s picture or class work to be displayed on the School Intranet. (Intranet may only be accessed from our school network)

I believe _____________________________ (Name of Student) understands this responsibility, and I hereby give my permission for him/her to access the Internet/Network under school rules. I understand breaking these rules will be subject to appropriate action by the school. This may include loss of Internet access for some time.
